

FARES ALI EL_SHEIKH

DATA ENGINEER

📍 Alexandria, Egypt ✉ eng.fares221199@gmail.com ☎ +201009614120
[LinkedIn](#) | [GitHub](#) | [Hacker Rank](#)

SUMMARY

Computer & Control Engineering student with strong hands-on expertise in Data Engineering, Data Analysis, and Web Development. Proficient in Python, SQL, Power BI, MVC pattern, HTML, and CSS. Experienced in building structured databases, analytical dashboards, and full-stack software architecture. Currently specializing in the Microsoft Data Engineer track through the DEPI initiative.

EDUCATION

Bachelor's Degree in Computer and Control Engineering at Higher Institute of

January 2024 - Expected Graduation: 2028

Engineering and Technology in Kafr El-Sheikh, Kafr El-Sheikh, Egypt

Grade: Very Good

Relevant Coursework: Data Structures & Algorithms, Database Management Systems (DBMS), Control Systems, Software Engineering, Object-Oriented Programming (OOP).

INTERNSHIPS

Data Engineer Trainee at Digital Egypt Pioneers Initiative (DEPI), Alexandria, Egypt July 2026 - Present

Enrolled in the intensive Microsoft Data Engineer track, gaining hands-on experience in database engineering, ETL processes, and data integration using SQL and Python.

SKILLS

Data Engineering: Python, SQL, Relational Databases (RDBMS), Data Modeling, Big Data Foundations

Data Analysis: Power BI, Data Visualization, SQL, Python

Frontend Development: HTML, CSS, Responsive Web Design

Backend Development: C#, MVC Pattern, Software Architecture, Database Integration, OOP

VOLUNTEERING

Technical Assistant & Media Coordinator at Momena, Kafr El-Sheikh, Egypt October 2025 - Present

- Served as a Technical Assistant in the Data Analysis and Robotics tracks, assisting junior students in understanding technical track fundamentals.
- Managed media and media operations, leading media efforts and content presentation for team activities and sessions.
- Guided incoming engineering students through track roadmaps to help them choose their technical specialization.

PROJECTS

Farix LMS - Learning Management System [\[Link\]](#)

December 2025 - May 2026

- Independently designed, architected, and built a comprehensive Learning Management System from scratch
- Developed both frontend and backend infrastructure, applying the MVC design pattern for optimal structure.
- Modeled and optimized relational database schemas to effectively handle user profiles, course materials, and administrative features.

Hospital Complex Management System

December 2025 - March 2026

- Collaborated as a Data Engineer/Database Designer in a multi-disciplinary software team to develop a comprehensive Hospital Complex Management System.
- Designed and structured relational database schemas (SQL) to efficiently handle patient records, doctor schedules, and medical departmental data.
- Applied database normalization principles to ensure data integrity, minimize redundancy, and optimize query performance.

Retail Sales Analysis Dashboard [\[Link\]](#)

August 2026

- Built an end-to-end retail sales analysis project using **Python, Pandas, NumPy, SQL, and Power BI** to transform raw data into actionable business insights.
- Cleaned, processed, and standardized raw sales data using **Pandas**, handling missing values and inconsistent records.
- Developed a **3-page interactive Power BI dashboard** covering sales performance, product profitability, retailer analysis, time trends, and geographic distribution.

Automated Water Production & Packaging Bottling Line

March 2023 - May 2023

- Designed and programmed an automated industrial water production and packaging bottling line using PLC logic controllers.
- Integrated sensors and actuators to control conveyer belts, liquid filling mechanisms, and capping processes smoothly.
- Awarded 2nd Place at the National Level in the "Genius Competition" under the Ministry of Higher Education for technical innovation and implementation.

LANGUAGES

Arabic - Native

English - Basic

CERTIFICATES

SQL (Advanced) Certificate from Hacker Rank · [Link](#)

March 2026

SQL (Basic) Certificate from Hacker Rank · [Link](#)

February 2026

2nd Place - Desktop Applications Competition from Ministry of Higher Education - Scientific Exhibition

December 2025

Awarded for presenting an innovative Desktop Application project among participating institutes.

Best Project Idea & Best Presentation Award from Ministry of Higher Education

February 2025

Professional Career Guidance & Soft Skills Certificate from UNICEF Egypt & Ministry of Youth and Sports

October 2025

Completed career guidance and professional skills workshops under Meshwary Project.

C++ Programming Fundamentals Certificate from Syndicate of Engineers & HIET

May 2024
